**NOISE AWARENESS TRAINING
ONE DAY COURSE**

TAKE CONTROL OF NOISE

FIND OUT EVERYTHING YOU
NEED TO KNOW ABOUT
MEASURING AND MANAGING
WORKPLACE NOISE SO YOU CAN
STAY HSE COMPLIANT

- **13 MARCH 2019, YORK**
- **11 JUNE 2019, BIRMINGHAM**
- **18 SEPT 2019, YORK**

ALL OF YOUR QUESTIONS ANSWERED

- How can I find out if I have a noise problem? And if so, who is at risk?
- How do I comply with hse requirements & the EU Noise Directive?
- How can I apply the noise action values & limits at my place of work?
- What should I do if we exceed these values?
- What do I need to measure, why do I need to measure it and how often?
- Why is calibration important?

COURSE PROGRAMME

Our one day course is delivered at a range of select venues throughout the UK by a noise at work expert. We focus on small group tuition and practical advice. The programme includes:

- Basic noise theory
- Noise units & terminology
- EU physical agents (Noise) directive
- BS4142 industry standard overview
- Noise control basics
- Practical workshop:
 - How to measure noise using sound level meters & dosimeters
 - Recording, analysing and compliant reporting of information
